Feb 19 1926

Surveyed Part of Lots 55-56 Orig town Bloomfield
Beg pt 165'-1" West of SW cor Lot 57 West 103'-11" North 60'
East 103'-11" South to pt of Beg.

Purpose of this survey was to determine the north line of the above described tract. As there is an overrun in this block the north & South distance was proportioned. The NE cor was placed 165'-1" from W line of Franklin St. as the SE cor had been, as it seems, established by the SW cor of the much larger block with shop

Both parties concerned signed petition for survey (see Request)
